As per World Economic Outlook update, the global growth has remained sluggish notably in the second half of 2019 reflecting a confluence of factors affecting major economies. In Calendar Year (CY) 2019, the World Economy grew by 2.9% much below the 3.6% expansion in CY 2018. Rising trade tariffs, geopolitical tensions and increased uncertainty have led to a broad based slowdown in the manufacturing activity and global trade activities. Global trade also slowed down due to protectionist trade policies. The last quarter of CY 2019 however appeared to look brighter with softening of US- China Trade tensions and waning uncertainty related to Brexit. The growth in Advanced Market economies have slowed down to 1.7% in CY 2019 from 2.2% in CY 2018. Rising geopolitical tensions and prolonged trade disputes have led to a slowdown in US economy which was 2.3% as compared to 2.9% in CY 2018.

Growth in Emerging Market economies moderated to 3.7% in CY 2019 from 4.5% in CY 2018. Since the growing trade restrictions adversely effected the growth. With things beginning to improve in the first quarter of CY 2020, the world was hit hard by the rapid spread of corona virus all over the world. Covid-19 compelled respective Governments to enforce lockdowns so as to break the chain of viral transmission. This almost halted the economic activities. Covid-19 pandemic resulted in a more negative impact on activity in the first half of CY 2020 than anticipated. International Monetary Fund (IMF) also warned that the pandemic is expected to plunge most countries into recession in CY 2020 with per capita income contracting significantly. IMF expects the global economy would contract by 4.9% in CY 2020 on account of such disruptions and recovery is expected to be gradual with growth estimated at 5.4% in CY 2021. However, timely Government interventions and significant stimulus measures from Central Banks, has somewhat cushioned the economy from the severity of the crisis. Much would depend on how this pandemic is contained with development of vaccine and its effective distribution.

India's growth as per economic survey moderated in FY 2019-20 to 4.2% from 6.1% a year earlier. This happened due to weak domestic demand, sluggish manufacturing activity and low investments. The Central Government in its resolve to increase growth announced a cut in corporate tax rates, and continued with rationalization of GST rates to spur economic growth.

In the Union Budget 2019-20, Government announced to make India a five trillion dollar economy by 2024-25. National Infrastructure Pipeline announced in the Union Budget 2020-21 will benefit some of the core sectors like Energy, Road, Railways. Further measures announced in The Union Budget- 2020-21 would also help boost agriculture sector and have also laid emphasis on clean technologies for power generation. To further cope with the difficult situation arising due to lockdown during the period- March- May' 2020, Government announced interim relief package of 1.7 lakh crore for low income household and frontline health workers. This was followed up with another package by RBI of ₹ 20 lakh crore. Renewed thrust was put to revive agricultural growth and MSME sector. Government's initiative of strengthening the MSME's and promoting indigenously manufactured goods would help boost the economic revival in India.

The disruption in economic activity due to Covid-19 is likely to impact all major sectors including the steel industry. Notwithstanding this crisis, the measures announced by Government along with RBI have helped the Industry. Indian Industry leaders also foresee a major opportunity to increase their share in World Trade since Industries worldwide are now looking for alternate sources other than China.

Government's support to rural income, as well as expected consumption related to upcoming festive season will also help in substantial recovery of demand in the second half of CY 2020. Supported by the stimulus from Government, recovery in construction will be led by major infrastructure investment. The demand in India should rebound in FY 2021-22.

Prospect for the steel sector in India, however, is seen to be bright. Production capacities have increased. Government's initiatives like "Make in India" campaign, higher spend on Infrastructure and focus on rural development will spur steel demand. The steel body also sees growth coming for the Industry from investments in railways, infrastructure and automotive sector which is making consistent efforts to boost sales of their lower segment priced vehicles.

Industry Structure and Developments

Metal Products: Galvanized Steel Sheets and Colour coated (Pre-painted) steel :

The markets for Galvanized Steel Sheets have shown a consistent growth and a good demand exists for GPSP/GP Coils/GC Sheets. The demand for GC sheets continues to show a positive trend in the rural markets Colour Coated Steel Sheets has been showing an increasing trend with an ever increasing and a consistent demand for their usage in Industrial construction. Besides, growth is observed in Cold Storage facilities which require Sandwich Panels. Even in the Appliances sector the usage of Coated Metals sheets is now gaining acceptance. Consequently, the requirement of these Colour Coated Coils have increased manifold during the last several years. In the construction sector, colour coated sheets have made considerable progress. Colour Coated Coils have very effectively replaced other roofing materials in the Construction Industry as well, gaining wide acceptance in designing the interiors of office establishments where these materials are replacing the wide usage of wood and other construction materials. Colour coated sheets are therefore attracting much greater attention today and affecting its usage positively.

Household Products: Domestic Insecticides - Mosquito Repellent Coils & Ultra Marine Blue Powder

The demand for mosquito repellent coils is quite prevalent in the rural areas, whereas in urban areas the vaporizers and aerosols are replacing coils.

Ultramarine Blue Powder is an optical brightener and is used for improving whiteness of clothes and white washing/painting of walls in urban & rural areas. This product is in use since many decades in India and neighboring countries and there exists a consistent and good demand for this product.

Business

Business of your Company mainly consists of Galvanised Steel Sheets/Coils, Pre Painted Coils/Sheets, Household Products as Domestic Insecticides in the form of Mosquito Repellent Coils, Vaporizers and Ultramarine Blue Powder.

Overview of Operations

Results

However, the Company earned the profit of ₹ 487.89 lacs during the year as compared to a profit of ₹ 27.11 lacs during the year ended on **March 31, 2019**.

Key Financial Ratios

In accordance with SEBI (Listing Obligations & Disclosures Requirements) (Amendment) Regulations 2018, the Company is required to give details of significant changes (i.e. change of 25% or more as compared to the immediately previous

financial year) in key sector –specific financial ratios including Debtors Turnover, Inventory Turnover, Interest Coverage Ratio, Current Ratio, Debt Equity Ratio, Operating Profit Margin(%) and Net Profit Margin(%) and details of any change in Return on Net Worth as compared to the immediately previous financial year along with the details explanation thereof.

Debtors Turnover Ratio increased from 9.36 times in 2018-19 to 10.13 times in 2019-20 and represents better realization of debtors during the year.

Inventory Turnover Ratio decreased from 2.86 times in 2018-19 to 1.97 times in 2019-20 – This was mainly due to increased inventory maintained to have continuous flow of materials for Galvanizing line.

Net Profit Margin Ratio increased from 1.11% in 2018-19, to 1.17% in 2019-20 and was mainly due to low cost expense and strong pricing strategies.

Return on Net Worth decreased from 3.12% in 2018-19, to 3.05% in 2019-20 which is due to decrease in the Pre Tax Profit and on account of delays in disbursement of Working Capital limits for Galvanizing Line as well the impact of Covid-19 on targeted domestic/export sales.

Segment-wise performance

Metal Products: Galvanized Steel Sheets/Colour Coated (Pre-painted) Steel Coils/Sheets -

During the Year 2019-20 Metals business has shown improved profitability.

Cost effective procurement and availability of Raw material has been under pressure from domestic sources thereby effecting capacity utilizations and Sales/Margins

The Company has been regularly devising strategies for effective Cost Control Measures and we could very successfully reduce costs due to stringent internal controls on quality assurance/process wastage and an effective procurement policy.

House Hold Products

Mosquito repellent coil business had been dull throughout the year whereas the new production facility at Mandideep-Bhopal for manufacture of Ultramarine Blue is fully operational.

Business of Ultramarine blue is under contract manufacturing agreement with Reckitt Benckiser (India) Pvt Ltd for their brand “Robin Blue” with 100% Buy Back arrangement and is giving good results. The company is much hopeful of substantial increase in production of Ultramarine Blue in the coming years.

Risks and Concerns

Your Company is cautious while looking for growth opportunities and also for new markets in its product segments. The Company faces several market risks arising in its normal course of business. These risks include variations in raw material prices, fluctuations in foreign currency exchange rate and changes in interest rates which may have an adverse effect on the Company’s financial assets, liabilities and/or future cash flows. The Company continues to mitigate these risks by careful planning of optimum sales mix, product diversification & innovation and penetration in domestic and international markets and active treasury management. Further cost saving measures across all segments of the Company, would help in improving the margins in an otherwise difficult market. The lockdown imposed during the period – March-May’ 2020 due to situation arising out of Covid-19 pandemic also impacted the operations. With Ministry of Home Affairs allowing resumption of activities, your Company took all necessary safeguard measures at their Works and office premises for the safety of the health of their personnel. With all required safeguards and precautions, the Company is making sincere efforts to streamline production to meet their growth targets. An early curtailment of the virus spread however would help ease situation immensely.

Opportunities and Threats

A varied product portfolio and wide geographical reach and presence, both within and outside the country, have helped the Company to try and de-risk its business and meet such risks with suitable safeguards. Improvement in safety

performance is of highest priority, for which the Company has regularly been taking steps to avert accidents. Several manufacturing units in various states of the country have enabled the Company to meet customer needs, meeting delivery schedules at prescribed locations. The Company has wide network of sales and technical servicing offices at Mumbai, Delhi, Ahmedabad, Hyderabad, Guwahati and Bhopal. Multi locational presence has also reduced distribution and inventory costs and delivery times.

Future Outlook

Your Company has taken innovative steps in strict negotiation for Raw Materials sourcing, improved inventory management and increasing Domestic Sales. This helped us improve operational performance of the Company.

The new continuous Steel Galvanizing line at the Kutch, plant in Gujarat, is contributing significantly towards increased turnover and profitability besides regular turnover from the Colour Coating Line. In keeping with the initiatives taken by your Company for increasing investments in capacity expansion, we are also in the process of enhancing capacity of existing Colour Coating Line. This would help increase business volumes as we foresee a much bigger demand for domestic and export sales. Besides, our efforts to penetrate more specialized market of appliance sector would also offer a much higher return. The demand for Steel products in the market is definitely improving and expected to rise further. With all these investments, your Company is expected to do much larger business volumes in the coming years.

The Company is also evaluating possibility of adding more products alongside production of Ultra Marine Blue. This is under active consideration and would help increase turnover and profits from our existing facility at Mandideep.

Internal Control Systems

The Company has an effective internal control system which helps it to maintain both internal control and procedures to ensure all transactions are approved, recorded and reported correctly and also ensures disclosure and protection of physical and intellectual property. The Company has appointed Chartered Accountants firm as Internal Auditors who independently evaluate the adequacy of the internal controls on a regular basis. The management duly considers and takes appropriate action to maintain transparency and effectiveness, based on the recommendations made by Statutory Auditors, Internal Auditors and by Management Committee/Audit Committee of the Board of Directors. The company is operating on SAP Platform in order to have proper internal control procedure with required approvals and “maker and checker” concept. This helps in correct recording of transactions, timely rectification and elimination of errors. The Company has appointed consultants/ professionals to conduct Secretarial Audit and Cost Audit and their observations, if any, are reviewed by the Management periodically and remedial actions taken. The Company incorporated necessary changes in the ERP system required for migration to Goods & Services Tax implemented from 1st July, 2017.

Human Resources

Employee relations have generally remained cordial throughout the year and recruitments were made commensurate with the needs of the business. The Company employs about 263 people in all its facilities.

Finance Cost

Finance Cost, during the year under review stood at ₹ **1,693.65 lacs**, as compared to ₹ **1,376.33 lacs** during the year ended on **March 31, 2019**, due to multiple sourcing requirements. The availability of material during the year under review was under severe pressure with continuous price fluctuations.

Our day to day monitoring of cost control measures would help in reducing the financial cost thereby improving the Profitability.

Cautionary Statement

Statements in the Management Discussion and Analysis, on the company's objectives, outlook and expectation, may constitute “Forward Looking Statements” within the meaning of applicable laws and regulations. Actual results may differ from those expressed or implied expectations, projections etc. Several factors make a significant difference to the company's operations, including climatic conditions, economic scenario affecting demand and supply, Government regulations, taxation, natural calamity and other such factors over which the company does not have any direct control.

INDEPENDENT AUDITORS' REPORT

To the Members of
Manaksia Coated Metals & Industries Limited

Report on the audit of Standalone Ind AS financial statements

Opinion

We have audited the standalone financial statements of **Manaksia Coated Metals & Industries Limited ("the Company")**, which comprise the balance sheet as at 31st March 2020, and the statement of profit and loss including Other Comprehensive Income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information for the year ended on that date (hereinafter referred to as "Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, and profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matters to be communicated in our report.

Revenue Recognition

We have identified this as an area of importance because the company's revenue is a material item in view of adoption of Ind AS 115 "Revenue from Contracts with Customers".

The application of the new revenue accounting standard involves certain key judgements relating to identification of distinct performance obligations, determination of transaction price of the identified performance obligations, the appropriateness of the basis used to measure revenue recognised over a period and disclosures thereof.

Our audit procedures included but were not limited to:

- Evaluation of the company's accounting principles in relation to implementation of the new revenue accounting standard;
- Created an understanding of the company's routines and internal controls associated with revenue recognition;
- Examination of a selection of transactions to ensure that they have been reported correctly according to agreements and in the correct periods;

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in Other Section of Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Ind AS financial statements that gives a true and fair view of the financial position, financial performance, Changes in Equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards prescribed under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that gives a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013 we are also responsible for expressing our opinion on whether the company has adequate internal financial control system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Ind AS financial statements, including the disclosures, and whether the Standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Emphasis of Matters

We draw attention to Note 44 to the financial statements in relation to outstanding balances of trade receivables, trade payables and loans and advances which are subject to confirmation and subsequent adjustments, if any.

Report on Other Legal and Regulatory Requirements

ANNEXURE-B TO THE INDEPENDENT AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Manaksia Coated Metals & Industries Limited ("the Company")** as of March 31, 2020 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has maintained, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as of March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2020

1. Company Overview

Manaksia Coated Metals & Industries Limited ("the Company") is a public limited company incorporated in India having its registered office situated at 8/1, Lal Bazar Street, Bikaner Building, Kolkata - 700 001. The Company has its shares listed on the BSE Limited (BSE) and the National Stock Exchange of India Limited (NSE). The Company is primarily engaged in the manufacture of Mosquito Repellent Coils and value-added secondary metal products like Galvanised Corrugated Sheets, Galvanised Plain Sheets, Colour Coated (Pre-painted) Sheets, etc. The manufacturing units of the Company are located at Kutch, Hyderabad, Guwahati and Bhopal.

2. Significant Accounting Policies

I) Basis of Preparation of Standalone financial statements

(a) Statement of compliance

These Standalone financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) notified under Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) notified under Section 133 of the Companies Act, 2013 ('Act') and other relevant provisions of the Act and guidelines issued by the Securities and Exchange Board of India ('SEBI'), as applicable. The Standalone financial statements are authorized for issue by the Board of Directors of the Company at their meeting held on June 23, 2020.

(b) Functional and presentation currency

These Standalone financial statements are presented in Indian Rupees (₹), which is also the Company's functional currency. All amounts have been rounded off to the nearest lakhs, unless otherwise indicated.

(c) Basis of measurement

These financial statements are prepared under the historical cost convention on the accrual basis except for Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments).

(d) Use of estimates and judgments

The preparation of the Company's Standalone financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Estimates and underlying assumptions are reviewed on an ongoing basis. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. The application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these Standalone financial statements have been disclosed below. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. The changes in the estimates are reflected in the Standalone financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the Standalone financial statements.

II) Revenue from contract with customer

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. Revenue is measured at the fair value of the consideration received or receivable, net of returns, discounts, volume rebates, and goods and service tax. The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company regardless of when the payment is being made.

NOTES TO FINANCIAL STATEMENTS

The specific recognition criteria described below must also be met before revenue is recognised.

Sale of Products

Revenue from sale of products is recognized when the Company transfers the control of goods to the customer as per the terms of contract. The Company considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated. In determining the transaction price, the Company considers the effects of variable consideration, the existence of significant financing component, non-cash considerations and consideration payable to the customer (if any). In case of domestic sales, the company believes that the control gets transferred to the customer on dispatch of the goods from the factory and in case of exports, revenue is recognised on passage of control as per the terms of contract/incoterms. Variable consideration in the form of volume rebates is recognised at the time of sale made to the customers and are offset against the amounts payable by them.

Contract balances

Trade receivables

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

Refund Liabilities

A refund liability is the obligation to refund some or all of the consideration received (or receivable) from the customer and is measured at the amount the Company ultimately expects it will have to return to the customer. The Company updates its estimates of refund liabilities (and the corresponding change in the transaction price) at the end of each reporting period. Dividend income is recognized in Statement of Profit and Loss on the date on which the Company's right to receive payment is established. Interest income is recognized using the effective interest method.

All other income are recognized on accrual basis.

III) Property, Plant & Equipment

Property, plant and equipment are stated at acquisition cost, less accumulated depreciation and accumulated impairment loss, if any. The cost of Property, Plant & Equipment comprises of its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use. Interest and other financial charges on loans borrowed specifically for acquisition of capital assets are capitalised till the start of commercial production.

Depreciation is provided on the straight line method over the estimated useful lives of assets and are in line with the requirements of Part C of Schedule II of the Companies Act, 2013. The estimated useful lives are as follows :

Building	30 Years
Plant & Equipment	10 - 20 Years
Computers	3 Years
Office Equipment	3 - 5 Years
Furniture & Fixtures	5 - 10 Years
Vehicles	8 Years

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date are classified as 'Capital Advances' under other 'Non-Current Assets' Assets and the cost of assets not put to use before such date are disclosed under 'Capital Work in Progress'.

NOTES TO FINANCIAL STATEMENTS

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

IV) Intangible Assets

Intangible Assets acquired separately are measured on initial recognition at cost. Intangible Assets acquired in a business combination is valued at their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any.

The useful lives of Intangible Assets are assessed as either finite or indefinite.

Intangible Assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an Intangible Asset with a finite useful life are reviewed at the end of each reporting period. The amortization expense on Intangible Assets with finite lives is recognized in the Statement of Profit & Loss. The Company amortizes intangible assets over their estimated useful lives using the straight line method.

Intangible Assets with indefinite useful lives are not amortized, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit & Loss when the asset is derecognized.

V) Inventories

Inventories are valued at cost or net realisable value whichever is lower except for saleable scraps, whose cost is not identifiable, which are valued at estimated net realisable value. Closing stock has been valued on Weighted Average basis. Cost comprises expenditure incurred in the normal course of business in bringing such inventories to its location and includes, where applicable, appropriate overheads based on normal level of activity.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

VI) Financial Instruments

Initial recognition and measurement

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

Subsequent measurement

i. Non derivative financial instruments

a) Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

NOTES TO FINANCIAL STATEMENTS

b) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model.

c) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

d) Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

e) Investment in subsidiaries

Investment in subsidiaries is carried at cost in the separate financial statements.

ii. Derivative financial instruments

The Company holds derivative financial instruments such as foreign exchange forward and option contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value through profit or loss and the resulting exchange gains or losses are included in other income.

Derecognition of financial instruments

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

VII) Fair Value Measurement

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- i) Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- ii) Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- iii) Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

NOTES TO FINANCIAL STATEMENTS

VIII) Impairment

Impairment is recognized based on the following principles:

Financial Assets

The Company recognizes loss allowances using the Expected Credit Loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to life time ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at life time ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in profit or loss.

Non-Financial Assets

Goodwill and intangible assets that have an indefinite useful life are not subject to amortization and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the assets carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an assets fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest level for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash- generating unit) Non- financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of reporting period.

IX) Provisions and Contingent Liabilities

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

X) Foreign Currency Transactions & Translations

The functional currency of the Company is Indian Rupee. These Financial Statements are presented in Indian Rupee (rounded off to the nearest Lacs).

Transactions in foreign currencies entered into by the company are accounted at the exchange rates prevailing on the date of the transaction. Gains & losses arising on account of realization are accounted for in the Statement of Profit & Loss.

Monetary Assets & Liabilities in foreign currency that are outstanding at the year end are translated at the year end exchange rates and the resultant gain/loss is accounted for in the Statement of Profit & Loss.

XI) Cash and Cash Equivalents

Cash and Cash Equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

NOTES TO FINANCIAL STATEMENTS

XII) Employee Benefits

Defined Contribution Plan

The Company makes contributions towards provident fund to the regulatory authorities to a defined contribution retirement benefit plan for qualifying employees, where the Company has no further obligations. Both the employees and the Company make monthly contributions to the Provident Fund Plan equal to a specified percentage of the covered employee's salary.

Defined Benefit Plan

Gratuity is paid to employees under the Payment of Gratuity Act 1972 through unfunded scheme. The Company's liability is actuarially determined using the Projected Unit Credit method at the end of the year in accordance with the provision of Ind AS 19 - Employee Benefits.

The Company recognizes the net obligation of the defined benefit plan in its balance sheet as an asset or liability. Gains and losses through re-measurements of the net defined benefit liability/(asset) are recognized in other comprehensive income and are not reclassified to profit or loss in subsequent periods.

The Company recognises the changes in the net defined benefit obligation like service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements and net interest expense or income, as an expense in the Statement of Profit and Loss.

Short term employee benefits are charged off at the undiscounted amount in the year in which the related services are rendered.

XIII) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

XIV) Leases

Leases under which the company assumes substantially all the risks and rewards of ownership are classified as finance leases. When acquired, such assets are capitalized at fair value or present value of the minimum lease payments at the inception of the lease, whichever is lower. Lease payments under operating leases are recognized as an expense on a straight line basis in net profit in the Statement of Profit & Loss over the lease term.

XV) Government Grants

The Company recognizes government grants only when there is reasonable assurance that the conditions attached to them shall be complied with and the grants will be received. Grants related to assets are treated as deferred income and are recognized as other income in the Statement of profit & loss on a systematic and rational basis over the useful life of the asset. Grants related to income are recognized on a systematic basis over the periods necessary to match them with the related costs which they are intended to compensate and are deducted from the expense in the statement of profit & loss.

XVI) Income Taxes

Income tax expense is recognized in the Statement of Profit & Loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income. Provision for current tax is made at the current tax rates based on assessable income.

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the Financial Statements except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that

NOTES TO FINANCIAL STATEMENTS

is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. Deferred income taxes are not provided on the undistributed earnings of subsidiaries and branches where it is expected that the earnings of the subsidiary or branch will not be distributed in the foreseeable future. The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

XVII) Earnings per Share

Basic earnings per share is computed by dividing the net profit for the period attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

XVIII) Current and Non-current classification

The Company presents assets and liabilities in the Balance Sheet based on current/non-current classification.

An asset is classified as current when it is:

- i) expected to be realised or intended to be sold or consumed in the normal operating cycle,
- ii) held primarily for the purpose of trading,
- iii) expected to be realised within twelve months after the reporting period, or
- iv) cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

A liability is classified as current when it is:

- i) it is expected to be settled in the normal operating cycle,
- ii) it is due to be settled within twelve months after the reporting period, or
- iii) there is no unconditional right to defer settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current.

NOTES TO FINANCIAL STATEMENTS

XIX) Dividend

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

XX) Rounding of Amounts

All amounts disclosed in the Standalone Financial Statements and notes have been rounded off to the nearest Lacs (with two places of decimal) as per the requirement of Schedule III, unless otherwise stated.

XXI) Statement of Cash flows

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

XXII. Recent Accounting pronouncements

On March 30, 2019 the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2019, notifying Ind AS 116 on Leases. Ind AS 116 would replace the existing leases standard Ind AS 17. The standard sets out the principles for the recognition, measurement, presentation and disclosures for both parties to a contract, i.e. the lessee and the lessor. Ind AS 116 introduces a single lease accounting model and requires a lessee to recognize assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. Currently for operating lease rentals are charged to the statement of profit and loss. The Company is currently evaluating the implications of Ind AS 116 on the financial statements. The Companies (Indian Accounting Standards) Amendment Rules, 2019 also notified amendments to the following accounting standards. The amendments would be effective from April 1, 2019.

1. Ind AS 12, Income taxes – Appendix C on uncertainty over income tax treatments
2. Ind AS 12, Income Taxes - Accounting for Dividend Distribution Taxes
3. Ind AS 23, Borrowing costs
4. Ind AS 28 – Investment in associates and joint ventures
5. Ind AS 103 and Ind AS 111 – Business combinations and joint arrangements
6. Ind AS 109 – Financial instruments
7. Ind AS 19 – Employee benefits

The Company is in the process of evaluating the impact of such amendment.

42 Capital Management

The Company's capital management is intended to create value for shareholders by facilitating the meeting of long term and short term goals of the Company.

The Company determines the amount of capital required on the basis of annual business plan coupled with long term and short term strategic investment and expansion plans. The funding needs are met through cash generated from operations and short term bank borrowings.

The Company monitors the capital structure on the basis of net debt to equity ratio and maturity profile of the overall debt portfolio of the Company. Net debt includes interest bearing borrowings less cash and cash equivalents, other bank balances and current investments.

The table below summarises the capital, net debt and net debt to equity ratio of the Company.

II) Fair Value Hierarchy

All Financial Assets & Financial Liabilities are carried at amortised cost.

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

The following table represents the fair value hierarchy of Financial Assets and Financial Liabilities measured at Fair Value on a recurring basis :

Particulars	Fair Value Hierarchy Level	March 31, 2020	March 31, 2019
Financial Liability			
Other Financial Asset (Current)	Level 2	-	-

III) Financial Risk Management

In the course of its business, the Company is exposed primarily to fluctuations in foreign currency exchange rates, interest rates, equity prices, liquidity and credit risk, which may adversely impact the fair value of its financial instruments. The Company's focus is on foreseeing the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance.

a) Market Risk -

Market Risk Comprises of Foreign Currency Exchange Rate Risk, Interest Rate Risk & Equity Price Risk

i) Exchange Rate Risk

The fluctuation in foreign currency exchange rates may have a potential impact on the Statement of Profit and Loss and Equity, where any transactions are denominated in a currency other than the functional currency of the Company.

The Company's Exchange Rate Risk exposure is primarily due to Trade Payables, Trade Receivables and Borrowings in the form of Buyers' Credit denominated in foreign currencies. The Company uses foreign exchange and forward contracts primarily to hedge foreign exchange exposure.

An appreciation/depreciation of the foreign currencies with respect to functional currency of the Company by 1% would result in an decrease/increase in the Company's Net Profit before Tax by approximately ₹ 0.46 lakhs for the year ended March 31, 2020 (March 31, 2019 : - ₹ 2.05 lakhs)

ii) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company constantly monitors the credit markets and rebalances its financing strategies to achieve an optimal maturity profile and financing cost.

iii) Equity Price Risk

Equity price risk is related to change in market reference price of investments in equity securities held by the Company. The Company has made investments in its subsidiaries, hence the Company is not primarily exposed to equity price risk.

NOTES TO FINANCIAL STATEMENTS

(₹ in Lacs)

b) Liquidity Risk -

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements.

The Company has obtained fund and non-fund based working capital facilities from various banks. The Company invests its surplus funds in bank fixed deposit and in mutual funds, which carry no or low market risk.

The following table shows a maturity analysis of the Company's Financial Liabilities on the basis of undiscounted contractual payments :

Particulars	March 31, 2020	March 31, 2019
One Year or less		
Borrowings	5,975.35	5,508.16
Trade Payables	8,659.58	7,016.49
Other Financial Liabilities	739.74	1,430.34
More than One Year		
Borrowings	6,652.26	5,998.89
Trade Payables	3,184.00	2,959.78
Other Financial Liabilities	-	-

c) Credit Risk -

Credit risk is the risk of financial loss arising from counter-party failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses both the direct risk of default and the risk of deterioration of creditworthiness.

Financial instruments that are subject to credit risk principally consist of Trade Receivables, Loans Receivables, Investments, Cash and Cash Equivalents and Financial Guarantees provided by the Company. None of the financial instruments of the Company result in material concentration of credit risk.

The Company has a policy of dealing only with credit worthy counter parties as a means of mitigating the risk of financial loss from defaults. The Company manages risks through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the company grants credit terms in the normal course of business.

- 44** Balances of some parties (including of Trade receivables and Trade payables) and loans and advances are subject to reconciliation/confirmations from the respective parties. The management does not expect any material differences affecting the financial statement for the year.
- 45** The Company has presented segment information in the consolidated financial statements which are presented in the same financial report. Accordingly, in terms of Paragraph 4 of Ind AS 108 'Operating Segments', no disclosures related to segments are presented in this standalone financial statements.
- 46** Corresponding comparative figures for the previous year have been regrouped and readjusted wherever considered necessary to conform to the current year presentation.

INDEPENDENT AUDITORS' REPORT

To the Members of Manaksia Coated Metals & Industries Limited

Report on the audit of Consolidated Ind AS financial statements

Opinion

We have audited the accompanying consolidated financial statements of Manaksia Coated Metals & Industries Limited ("the Holding Company") and its subsidiaries (the Company and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2020, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Company as at March 31, 2020, and consolidated profit, consolidated total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Emphasis of Matter

We draw attention to Note 44 to the financial statements in relation to outstanding balances of trade receivables, trade payables and loans and advances which are subject to confirmation and subsequent adjustments, if any. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matters to be communicated in our report.

Revenue Recognition

We have identified this as an area of importance because the Group's revenue is a material item in view of adoption of Ind AS 115 "Revenue from Contracts with Customers".

The application of the new revenue accounting standard involves certain key judgements relating to identification of distinct performance obligations, determination of transaction price of the identified performance obligations, the appropriateness of the basis used to measure revenue recognised over a period and disclosures thereof.

Our audit procedures included but were not limited to:

- Evaluation of the Group's accounting principles in relation to implementation of the new revenue accounting standard;
- Created an understanding of the Group's routines and internal controls associated with revenue recognition;
- Examination of a selection of transactions to ensure that they have been reported correctly according to agreements and in the correct periods;

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included Other Section of Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above, compare with the financial statements of the subsidiaries audited by the other auditors, to the extent it related to these entities and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. Other information so far as it relates to the subsidiaries is traced from their financial statements audited by other auditors.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of the Management and those charge with governance for the Consolidated Ind AS financial statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of the adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of Consolidated Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has an adequate internal financial control system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group's to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw

attention in our auditor's report to the related disclosures in the Consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Consolidated Ind AS financial statements, including the disclosures, and whether the Consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements / financial information of two subsidiaries, whose financial statements / financial information reflect total assets of ₹ 2,285.78 lakhs (PY ₹ 2,179.98 lakhs) as at 31st March, 2020, total revenue of ₹ 109.92 lakhs (PY 1,461.40 lakhs), and Net (loss) before tax of ₹ -208.43 lakhs (PY ₹ -68.46 lakhs) for the year ended 31st March, 2020, as considered in the consolidated Ind AS financial statements. These financial statements and other financial information have been audited by other auditors whose reports have been furnished to us by the management, and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of this subsidiary, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiary, is based solely on the reports of the other auditor.

Our opinion on the consolidated Ind AS financial statements, and our report on other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements / financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, we report that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements.
- b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated Ind AS financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including other comprehensive income, the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated Ind AS financial statements.
- d. In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with relevant rules issued there under.

- e. On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2020 taken on record by the Board of Directors of the Holding Company, none of the directors is disqualified as on 31st March, 2020 from being appointed as a director in terms of Section 164 (2) of the Act.
- f. With respect to the adequacy of the internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" to this report.
- g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Holding Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated Ind AS financial statements disclosed the impact of pending litigations on its financial position in its financial statements (Refer Note no. 36 of the Consolidated Ind AS financial statements).
 - ii. The Group did not have any long term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE-A TO THE INDEPENDENT AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March 2020, we have audited the internal financial controls over financial reporting of Manaksia Coated Metals & Industries Limited ("the Holding Company") and its subsidiary incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary companies, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the internal financial controls system over financial reporting of the Holding Company and subsidiary company, which is company incorporated in India.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of

collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and Subsidiary Company have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as of March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to aforesaid subsidiary companies, is based solely on the report of the other auditors.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2019

1. Company Overview

The consolidated financial statements comprise financial statements of Manaksia Coated Metals & Industries Limited ("the Company") and its subsidiaries (collectively, "the Group") for the year ended March 31, 2019.

Manaksia Coated Metals & Industries Limited ("the Company") is a public limited company incorporated in India having its registered office situated at 8/1, Lal Bazar Street, Bikaner Building, Kolkata - 700 001. The Company has its shares listed on the BSE Limited (BSE) and the National Stock Exchange of India Limited (NSE). The Company is primarily engaged in the manufacture of Mosquito Repellent Coils and value-added secondary metal products like Galvanised Corrugated Sheets, Galvanised Plain Sheets, Colour Coated (Pre-painted) Sheets, etc. The manufacturing units of the Company are located at Kutch, Hyderabad, Guwahati and Bhopal.

List of Subsidiaries included in the Consolidated Financial Statements are as under:

Name of Subsidiary Company	Country of Incorporation	Extent of Holding
Manaksia International FZE	United Arab Emirates	100%
JPA Snacks Private Limited	India	100%

2. Significant Accounting Policies

I) Basis of Preparation

(a) Statement of compliance

These consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act 2013 ("Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015, as amended. These financial statements are prepared under the historical cost convention on the accrual basis except for certain items of assets and liabilities which have been measured at their fair values.

(b) Functional and presentation currency

These Consolidated financial statements are presented in Indian Rupees (Rs.), which is also the Group's functional currency. All amounts have been rounded off to the nearest lakhs, unless otherwise indicated.

(c) Basis of measurement

The Consolidated financial statements have been prepared on historical cost convention on the accrual basis, except for the following items:

- (i) Certain financial assets and financial liabilities measured at fair value;
- (ii) Assets held for sale-measured at the lower of its carrying amount and fair value less costs to sell; and
- (iii) Employee's defined benefit plan as per actuarial valuation.

Fair value is the price that would be received on the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions, regardless of whether that price is directly observable or estimated using another valuation technique. In determining the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

(d) Use of estimates and judgments

The preparation of the Group's Consolidated financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Estimates and underlying assumptions are reviewed on an ongoing basis. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. The application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these Consolidated financial statements have been disclosed below. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. The changes in the estimates are reflected in the Consolidated financial

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the Consolidated financial statements.

II) Basis of Consolidation

The consolidated financial statements comprise financial statements of the Company and its Subsidiaries and have been prepared in accordance with Indian Accounting Standard for Consolidated Financial Statements (IND AS 110), prescribed under section 133 of the Companies Act, 2013 ('Act'). Control exists when the parent has power over the entity, is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns. Subsidiaries are consolidated from the date control commences until the date control ceases. The Consolidated Financial Statements have been prepared on the following basis:

- i) The financial statements of the Group companies are consolidated on a line-by-line basis and intra-group balances and transactions including unrealized gain / loss from such transactions are eliminated upon consolidation.
- ii) The difference between the cost of investment in the Subsidiaries over its proportionate share in the net assets value at the time of acquisition of stake in subsidiaries is recognised in the financial statements as Goodwill or Capital Reserve as the case may be. For this purpose, the company's share of net worth is determined on the basis of the latest financial statements prior to the acquisition after making necessary adjustments for material events between the date of such financial statements and the date of respective acquisition. Capital reserve on consolidation is adjusted against Goodwill. Changes in parents ownership interest in subsidiary that do not result in the parent losing control of the subsidiary are recognised directly in equity.
- iii) Non controlling interest in net profit/loss of the Subsidiaries for the year is identified and adjusted against income in order to arrive at the net income attributable to shareholders' of the company. Non controlling interest in net assets of the subsidiaries is identified and presented separately in Consolidated Financial Statements.
- iv) As far as possible the Consolidated Financial Statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented in the same manner as the company's financial statements.
- v) The financial statements of the entities used for the purpose of consolidation are drawn up to the same reporting date as that of the company.

III) Business Combination

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquire. For each business combination, the Group elects whether to measure the non-controlling interests in the acquire at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

If the business combination is achieved in stages, any previously held equity interest is re-measured at its acquisition date fair value and any resulting gain or loss is recognised in profit or loss or OCI, as appropriate.

Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

the gain directly in equity as capital reserve, without routing the same through OCI.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

A cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

IV) Revenue from contract with customer

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. Revenue is measured at the fair value of the consideration received or receivable, net of returns, discounts, volume rebates, and goods and service tax. The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company regardless of when the payment is being made.

The specific recognition criteria described below must also be met before revenue is recognised.

Sale of Products

Revenue from sale of products is recognized when the Company transfers the control of goods to the customer as per the terms of contract. The Company considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated. In determining the transaction price, the Company considers the effects of variable consideration, the existence of significant financing component, non-cash considerations and consideration payable to the customer (if any). In case of domestic sales, the company believes that the control gets transferred to the customer on dispatch of the goods from the factory and in case of exports, revenue is recognised on passage of control as per the terms of contract / incoterms.

Variable consideration in the form of volume rebates is recognised at the time of sale made to the customers and are offset against the amounts payable by them.

Contract Balances

Trade Receivables

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

Refund Liabilities

A refund liability is the obligation to refund some or all of the consideration received (or receivable) from the customer and is measured at the amount the Company ultimately expects it will have to return to the customer. The Company updates its estimates of refund liabilities (and the corresponding change in the transaction price) at the end of each reporting period.

Dividend income is recognized in Statement of Profit and Loss on the date on which the Company's right to receive payment is established. Interest income is recognized using the effective interest method.

V) Property, Plant & Equipment

Property, plant and equipment are stated at acquisition cost, less accumulated depreciation and accumulated impairment loss, if any. The cost of Property, Plant & Equipment comprises of its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use. Interest and other financial charges on loans borrowed specifically for acquisition of capital assets are capitalised till the start of commercial production.

Depreciation is provided on the straight line method over the estimated useful lives of assets and are in line with the requirements of Part C of Schedule II of the Companies Act, 2013. The estimated useful lives are as follows :

Building	30 Years
Plant & Equipment	10 - 20 Years

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Computers	3 Years
Office Equipment	3 - 5 Years
Furniture & Fixtures	5 - 10 Years
Vehicles	8 Years

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date are classified as 'Capital Advances' under other 'Non-Current Assets' Assets and the cost of assets not put to use before such date are disclosed under 'Capital Work in Progress'.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

VI) Intangible Assets

Intangible Assets acquired separately are measured on initial recognition at cost. Intangible Assets acquired in a business combination is valued at their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any.

The useful lives of Intangible Assets are assessed as either finite or indefinite.

Intangible Assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an Intangible Asset with a finite useful life are reviewed at the end of each reporting period. The amortization expense on Intangible Assets with finite lives is recognized in the Statement of Profit & Loss. The Company amortizes intangible assets over their estimated useful lives using the straight line method.

Intangible Assets with indefinite useful lives are not amortized, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit & Loss when the asset is derecognized.

VII) Inventories

Inventories are valued at cost or net realisable value whichever is lower except for saleable scraps, whose cost is not identifiable, which are valued at estimated net realisable value. Closing stock has been valued on Weighted Average basis. Cost comprises expenditure incurred in the normal course of business in bringing such inventories to its location and includes, where applicable, appropriate overheads based on normal level of activity.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

VIII) Financial Instruments

Initial recognition and measurement

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

Subsequent measurement

i. Non derivative financial instruments

a) Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

b) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model.

c) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

d) Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

e) Investment in subsidiaries

Investment in subsidiaries is carried at cost in the separate financial statements.

ii. Derivative financial instruments

The Company holds derivative financial instruments such as foreign exchange forward and option contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value through profit or loss and the resulting exchange gains or losses are included in other income.

Derecognition of financial instruments

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

IX) Fair Value Measurement

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- i) Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- ii) Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- iii) Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

X) Impairment

Impairment is recognized based on the following principles:

Financial Assets

The Company recognizes loss allowances using the Expected Credit Loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to life time ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at life time ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in profit or loss.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**Non-Financial Assets**

Goodwill and intangible assets that have an indefinite useful life are not subject to amortization and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the assets carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an assets fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest level for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating unit) Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of reporting period.

XI) Provisions and Contingent Liabilities

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

XII) Foreign Currency Transactions & Translations

The functional currency of the Company is Indian Rupee. These Financial Statements are presented in Indian Rupee (rounded off to the nearest Lacs).

Transactions in foreign currencies entered into by the company are accounted at the exchange rates prevailing on the date of the transaction. Gains & losses arising on account of realization are accounted for in the Statement of Profit & Loss.

Monetary Assets & Liabilities in foreign currency that are outstanding at the yearend are translated at the yearend exchange rates and the resultant gain/loss is accounted for in the Statement of Profit & Loss.

XIII) Cash and Cash Equivalents

Cash and Cash Equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

XIV) Employee Benefits**Defined Contribution Plan**

The Company makes contributions towards provident fund to the regulatory authorities to a defined contribution retirement benefit plan for qualifying employees, where the Company has no further obligations. Both the employees and the Company make monthly contributions to the Provident Fund Plan equal to a specified percentage of the covered employee's salary.

Defined Benefit Plan

Gratuity is paid to employees under the Payment of Gratuity Act 1972 through unfunded scheme. The Company's liability is actuarially determined using the Projected Unit Credit method at the end of the year in accordance with the provision of Ind AS 19 - Employee Benefits.

The Company recognizes the net obligation of the defined benefit plan in its balance sheet as an asset or liability. Gains and losses through re-measurements of the net defined benefit liability/(asset) are recognized in other comprehensive income and are not reclassified to profit or loss in subsequent periods.

The Company recognises the changes in the net defined benefit obligation like service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements and net interest expense or income, as an expense in the Statement of Profit and Loss.

Short term employee benefits are charged off at the undiscounted amount in the year in which the related services are rendered.

XV) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

XVI) Leases

Leases under which the company assumes substantially all the risks and rewards of ownership are classified as finance leases. When acquired, such assets are capitalized at fair value or present value of the minimum lease payments at the inception of the lease, whichever is lower. Lease payments under operating leases are recognized as an expense on a straight line basis in net profit in the Statement of Profit & Loss over the lease term.

XVII) Government Grants

The Company recognizes government grants only when there is reasonable assurance that the conditions attached to them shall be complied with and the grants will be received. Grants related to assets are treated as deferred income and are recognized as other income in the Statement of profit & loss on a systematic and rational basis over the useful life of the asset. Grants related to income are recognized on a systematic basis over the periods necessary to match them with the related costs which they are intended to compensate and are deducted from the expense in the statement of profit & loss.

XVIII) Income Taxes

Income tax expense is recognized in the Statement of Profit & Loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income. Provision for current tax is made at the current tax rates based on assessable income.

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the Financial Statements except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. Deferred income taxes are not provided on the undistributed earnings of subsidiaries and branches where it is expected that the earnings of the subsidiary or branch will not be distributed in the foreseeable future. The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

XIX) Earnings per Share

Basic earnings per share is computed by dividing the net profit for the period attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

XX) Current and Non-current classification

The Company presents assets and liabilities in the Balance Sheet based on current/non-current classification.

An asset is classified as current when it is:

- i) expected to be realised or intended to be sold or consumed in the normal operating cycle,
- ii) held primarily for the purpose of trading,
- iii) expected to be realised within twelve months after the reporting period, or

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

- iv) cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

A liability is classified as current when it is:

- i) it is expected to be settled in the normal operating cycle,
- ii) it is due to be settled within twelve months after the reporting period, or
- iii) there is no unconditional right to defer settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as noncurrent.

XXI) Dividend

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

XXII) Rounding of Amounts

All amounts disclosed in the standalone Financial Statements and notes have been rounded off to the nearest Lacs (with two places of decimal) as per the requirement of Schedule III, unless otherwise stated.

XXIII) Recent Accounting Pronouncements

On March 30, 2019 the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2019, notifying Ind AS 116 on Leases. Ind AS 116 would replace the existing leases standard Ind AS 17. The standard sets out the principles for the recognition, measurement, presentation and disclosures for both parties to a contract, i.e. the lessee and the lessor. Ind AS 116 introduces a single lease accounting model and requires a lessee to recognize assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. Currently for operating lease rentals are charged to the statement of profit and loss. The Company is currently evaluating the implications of Ind AS 116 on the financial statements. The Companies (Indian Accounting Standards) Amendment Rules, 2019 also notified amendments to the following accounting standards. The amendments would be effective from April 1, 2019.

1. Ind AS 12, Income Taxes – Appendix C on uncertainty over income tax treatments
2. Ind AS 12, Income Taxes - Accounting for Dividend Distribution Taxes
3. Ind AS 23, Borrowing Costs
4. Ind AS 28 – Investment in Associates and Joint Ventures
5. Ind AS 103 and Ind AS 111 – Business Combinations and Joint Arrangements
6. Ind AS 109 – Financial Instruments
7. Ind AS 19 – Employee Benefits

42 Capital Management

The Company's capital management is intended to create value for shareholders by facilitating the meeting of long term and short term goals of the Company.

The Company determines the amount of capital required on the basis of annual business plan coupled with long term and short term strategic investment and expansion plans. The funding needs are met through cash generated from operations and short term bank borrowings.

The Company monitors the capital structure on the basis of net debt to equity ratio and maturity profile of the overall debt portfolio of the Company. Net debt includes interest bearing borrowings less cash and cash equivalents, other bank balances and current investments.

The table below summarises the capital, net debt and net debt to equity ratio of the Company.

II) Fair Value Hierarchy

All Financial Assets & Financial Liabilities are carried at amortised cost.

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

The following table represents the fair value hierarchy of Financial Assets and Financial Liabilities measured at Fair Value on a recurring basis :

Particulars	Fair Value Hierarchy Level	March 31, 2020	March 31, 2019
Financial Liability			
Other Financial Asset (Current)	Level 2	-	1.17

III) Financial Risk Management

In the course of its business, the Company is exposed primarily to fluctuations in foreign currency exchange rates, interest rates, equity prices, liquidity and credit risk, which may adversely impact the fair value of its financial instruments. The Company's focus is on foreseeing the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance.

a) Market Risk -

Market Risk Comprises of Foreign Currency Exchange Rate Risk, Interest Rate Risk & Equity Price Risk

i) Exchange Rate Risk

The fluctuation in foreign currency exchange rates may have a potential impact on the Statement of Profit and Loss and Equity, where any transactions are denominated in a currency other than the functional currency of the Company.

The Company's Exchange Rate Risk exposure is primarily due to Trade Payables, Trade Receivables and Borrowings in the form of Buyers' Credit denominated in foreign currencies. The Company uses foreign exchange and forward contracts primarily to hedge foreign exchange exposure.

An appreciation/depreciation of the foreign currencies with respect to functional currency of the Company by 1% would result in an decrease/increase in the Company's Net Profit before Tax by approximately ₹ 0.46 lakhs for the year ended March 31, 2020 (March 31, 2019 : - ₹ 2.05 lakhs)

ii) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company constantly monitors the credit markets and rebalances its financing strategies to achieve an optimal maturity profile and financing cost.

iii) Equity Price Risk

Equity price risk is related to change in market reference price of investments in equity securities held by the Company. The Company has made investments in its subsidiaries, hence the Company is not primarily exposed to equity price risk.

b) Liquidity Risk -

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements.

The Company has obtained fund and non-fund based working capital facilities from various banks. The Company invests its surplus funds in bank fixed deposit and in mutual funds, which carry no or low market risk.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(₹ in Lacs)

The following table shows a maturity analysis of the Company's Financial Liabilities on the basis of undiscounted contractual payments :

Particulars	March 31, 2020	March 31, 2019
One Year or less		
Borrowings	6,334.06	5,656.38
Trade Payables	8,783.14	7,133.18
Other Financial Liabilities	823.74	1,502.34
More than One Year		
Borrowings	6,766.08	6,192.64
Trade Payables	3,184.00	2,959.78
Other Financial Liabilities	-	-

c) Credit Risk -

Credit risk is the risk of financial loss arising from counter-party failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses both the direct risk of default and the risk of deterioration of creditworthiness.

Financial instruments that are subject to credit risk principally consist of Trade Receivables, Loans Receivables, Investments, Cash and Cash Equivalents and Financial Guarantees provided by the Company. None of the financial instruments of the Company result in material concentration of credit risk.

The Company has a policy of dealing only with credit worthy counter parties as a means of mitigating the risk of financial loss from defaults. The Company manages risks through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the company grants credit terms in the normal course of business.

44. Balances of some parties (including of Trade receivables and Trade payables) and loans and advances are subject to reconciliation/confirmations from the respective parties. The management does not expect any material differences affecting the financial statement for the year.
45. Corresponding comparative figures for the previous year have been regrouped and readjusted wherever considered necessary to conform to the current year presentation.
