**Independent Auditors' Report to the shareholders**

To,  
The Shareholders,  
**MANAKSIA INTERNATIONAL FZE**  
PO Box 53805,  
Hamriyah Free Zone,  
Sharjah, UAE

We have audited the accompanying financial statements of **Manaksia International FZE**, Hamriyah Free Zone, Sharjah, UAE which comprise the statement of financial position as at 31st March, 2020, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

**Management's responsibility for the financial statements**

The management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards, and for such internal control as management determines is necessary to enable preparation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance, whether the financial statement are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, whether due to fraud or error. In making those risk of assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and reasonableness of accounting estimates made by management as well as evaluating the overall presentation of the financial statements.

Amendments to IAS 16 and IAS 4 require biological assets that meet the definition of a bearer plant to be accounted for as property, plant and equipment in accordance with IAS 16 - 1 January 2016

### **3.4 Foreign currencies**

The financial statements are prepared and the items included in the financial statements are measured using the currency which mainly reflects the underlying transactions, events and conditions of the Establishment ('the functional currency'). The financial statements are presented in AED, which is the Establishment functional and presentation currency.

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of outstanding amounts of such transactions and from the re-translation of monetary assets and liabilities denominated in foreign currencies at the end of the reporting period are recognized in the profit or loss. At the end of each reporting period, monetary items denominated in foreign currencies are re-translated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are re-translated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions.

### **3.5 Cash and cash equivalents**

Cash and cash equivalents comprise of cash on hand and balances with banks in current account.

### **3.6 Provisions**

Provisions are recognized when the Establishment has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and a reliable estimate can be made of the amount of the obligation. The expense relating to any provision is recognized in the profit or loss, net of any reimbursement.

### **3.7 Revenue recognition**

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Establishment and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable for the sale of goods and services rendered in the ordinary course of the Establishment's activities. Revenue is reduced for estimated customer returns, rebates and other similar allowances.

**MANAKSIA INTERNATIONAL FZE  
NOTES FORMING PART OF THE FINANCIAL STATEMENTS  
FOR YEAR ENDED 31<sup>st</sup> MARCH, 2020**

**4. CRITICAL ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS:**

The preparation of the Establishment's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Actual results may differ from these estimates.

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial period are discussed below;

*a) Impairment of assets*

Assessments of net recoverable amounts of property, plant and equipment, intangible assets and all financial assets other than trade receivables (see below) are based on assumptions regarding future cash flows expected to be received from the related assets.

*b) Impairment of trade receivables*

The management regularly undertakes a review of the recovery status of amounts due from either third parties or related parties. Such review is made based on variety of factors, including the overall quality and ageing of the receivables, continuing credit evaluation of the customers' financial conditions and collateral requirements from customers in certain circumstances. Based on the review, no allowance for impairment is required as at the end of the reporting period.

**Market risk**

Currency risks

Substantial portion of the transactions are designated in AED or in USD/GCC to which AED is fixed; hence, there is no material exchange rate risk.

Interest rate risk

Since the Establishment has no significant variable interest bearing assets or liabilities the profit for the year is not materially sensitive to changes in interest rates.

**Credit risk**

Financial assets which potentially subject the Establishment to concentration of credit risk consist principally of bank balances, trade receivables and refundable deposits.

Bank balances are with high credit regulated financial institutions.

**Fair values**

At the reporting date, the carrying amounts of financial assets and financial liabilities approximated their fair values.
